Ultracoat line by Mapei
 In order to provide a wider and specific range of products for the cleaning and maintenance of wooden floors, Mapei proceeded to the complete renewal of the products of the dedicated Ultracoat Line: Ultracoat Cleaner, Ultracoat Polish Anti-Slip, Ultracoat Polish Matt, Ultracoat Remover Plus. In addition, to make the offer even more comprehensive and attractive, Mapei introduced an applicator, Mapei Spray Mop, specifically designed for the cleaning and maintenance products of the Ultracoat range. Furthermore, in order to raise the profile and attractiveness of our products, Mapei has designed a displayer, dedicated to the products for the maintenance and intended to dealers and showrooms.

Maxi Orbit Sander by Klindex
 Maxi Orbit Sander is the professional, innovative and multi-functional single-brush that makes working on all surfaces quickly and easily. The oscillating head adapts to all surfaces and allows for easy manoeuvres also on uneven surfaces, thereby minimising operator fatigue. Countless accessories available and the large wheels resting on the ground allow for the work to be simple and efficient. Thanks to the roto-orbital principle with high-frequency oscillations, Maxi Orbit is surprising for its excellent stability and maneuverability.

5 MILLIMETRI by Itlas: Total look for your home
 Certified interiors wooden covering, the answer for all needs of renovations and transformation of interiors spaces. 5 millimetri is an innovative 2 layers wooden cladding that can be quickly applied on any existing surface. As thin as a second skin, it is a product designed by Itlas to use in the renovation and the conversion of buildings, and for the purpose of interior decor.

The ninth edition of MADE expo: 13-16 march 2019
 After the successful last edition of the most highly attended international architecture and construction show in Italy and across the Mediterranean, the organisers of MADE expo are already hard at work putting together the next edition. The ninth MADE expo will have an even stronger focus on innovation, design and integrated construction solutions, emphasising the event's unrivalled leadership as a platform for meeting and mingling with the top names and finest offerings in the building construction and finishings sector. MADE expo is an unmissable appointment for architects, engineers, technicians, distributors, businesses, window manufacturers and other trade operators. The next MADE expo will take place at Fiera Milano Rho from 13 to 16 March 2019.

Non tutte le cose belle nella vita svaniscono.
Alcune rimangono per sempre.

Assi del Cansiglio, eccellenza italiana per tutti.

Assi del Cansiglio, faggio, finitura Campiello, Ezio Manciuca Photographer

Assi del Cansiglio è un pavimento esclusivo, grazie alla sua provenienza certificata. E' un assito in legno di faggio, lavorato in maniera artigianale con finiture di pregio. Un progetto totalmente italiano, dalla materia prima alla produzione. Un prodotto a chilometro zero, perché la Foresta del Cansiglio è situata a soli venticinque chilometri dalla sede produttiva di Itlas.
